

# What's Happening in OCTOBER

## What's happening in the classroom:

We are all nicely settling into our routines in the classroom! We have begun our literacy program starting with the Itchy's Alphabet letter introduction. We will focus on a letter each week (not in alphabetical order). We will also be introducing the UFLI program which will prepare our students with the foundational skills that will prepare them for Grade 1. We are talking about basic geometric shapes and recognizing numerals 0-10. As we wrap up our Bible Lessons on Creation, we will begin learning about Noah's Ark. We continue to look at seasonal changes in our environment.

## October Bible Memory:
